

Zara's Project Buddy Lab

A printable activity sheet for **Zara's Robot Friend**

Name: _____

Date: _____

1 1. Design a helpful robot

Zara builds a robot friend because she wants to help. Decide who your robot would help and what it could do.

My robot helps: _____

Its helpful job is: _____

2 2. Give it instructions

Zara writes instructions for Buddy. Finish these safe, caring instructions for your robot.

IF someone feels sad, THEN my robot will: _____

IF someone feels happy, THEN my robot will: _____

3 3. Draw and label your Project Buddy

Draw your robot here. Label one helpful part, such as a sensor, a power button, or a friendly greeting.

4 4. Try the next small step

If your first idea does not work, what is one small thing you could check or try next?

Share your robot idea with a grown-up, friend, or classmate. Explain how it could help someone feel included.
